OPPORTUNITY

*An Opportunity is a favorable juncture of of circumstances or
a good chance for advancement or progress*

Merriam-Webster Dictionary

Now it's time to find the opportunities that will lead you to Creating Your First Million. Remember, the average millionaire has at least 7 streams of income. You will need to learn how to recognize viable opportunities and have the wisdom and courage to decline opportunities that take you further away from your goal.

When identifying your Million Dollar Opportunities, you want to look for Systems with **low risk** and **low investment** with **higher returns**. You also want to **leverage** opportunities with some diversity.

Be mindful not to over diversify or spread yourself thin while learning how to master your opportunities. You don't want to have Opportunities that clash, conflict or compete with one another. This may lead to overwhelm or weaken your credibility as a businesswoman. You won't be able to perform at your highest level and lessen your returns!

Some people are too diversified and will miss their First Million. They have their hands in everything, so their focus is on nothing!
